DETAILED ACTION

Specification

1. The title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-13 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

For at least claims 1, 5, 9, 13, the limitation of “a predetermined system” from these claims being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Election/Restrictions

The limitation of claim 13 is “charging the user for the printing service based on transferred charge information” which is different and distinguish with claims 1, 5, and 9. The Examiner suggests the Applicant to cancel this claim.
